To Whom It May Concern

Re: Jessica Cherniak

I have known Jessica Cherniak for over 30 years. Jessica raised four children as a single mother and has worked as a doula for over twenty-five years.

Jessica has extensive experience working with families, especially families in transition. She is very knowledgeable about child development, parenting strategies and child/parent interaction.

Jessica has a calm, highly competent and caring presence. She is utterly reliable and can be counted on to be honest, straightforward and compassionate when working with families. She will always keep the best interest of the child at the centre of her work.

I have no hesitation in recommending Jessica to my own clients and to my colleagues.

Yours truly,

Erin Shaw
Family Lawyer
